

Experience

Project Extension & refurbishment to Clitherow House and Major conversion of Manor house for retired Clergy

Value: £1,050,000.00
Employer: Diocese of Leeds Trustee
Architect: Overton Architects
Quantity Surveyor: Richard Cavadino Associates

Background and Description

This major refurbishment work and extensions to the existing Clitherow House and Manor House of Our Lady and All Saints Church Otley, was an extremely demanding project, due mainly to the extremely poor conditions of the building, major structural alterations were required to the existing load bearing walls in order to prevent collapse. However due to the diligence by Mr Brian Jones and the dedication of our Site Agent Mr Peter Smith, structural damage/collapse was prevented.
