To Whom it May Concern

Torpoint Ltd

We appointed Torpoint in October 2011 as the main contractor for the extension and refurbishment of our music room to create a performing arts suite.

The work was completed within our required timescales, and slightly under budget. Relationships with all Torpoint staff were excellent, and we were kept fully informed of progress and issues at all times. The site foreman understood our need to comply with safeguarding requirements (we are a residential school for children with special needs), and he ensured that the necessary segregation between school and building works was rigorously maintained. We had a successful ofsted inspection whilst the work was ongoing

All site staff were courteous and most accommodating, providing plenty of opportunities for our pupils to have a look round the site as building progressed, and answering their questions. Noise and disruption were kept to a minimum through careful planning and communication.

The work has now been completed to an excellent standard, and we have a fantastic facility for our pupils. I am happy to speak to prospective clients about our experiences working with Torpoint.
